There is one crucial element that all long drivers of the ball do in order to maximize their distance, and this same important factor improves accuracy as well. I will explain briefly the technical details of what needs to occur to hit longer and straighter drives. I will provide you with drills to help you achieve the proper launch conditions in order to maximize your distance. I will spend some one-on-one time with each person and let you practice and hit drives; working on the few things that are important to maximizing distance and accuracy.

"TUNE UP" FOR JUNIOR GOLF

With **Andrew Storm**, PGA Apprentice Teaching Professional

Date: April 14, 2018

Times: age 11-12 (10-11:30 a.m.) age 15-16 (2:15-3:45 p.m.)
age 13-14 (12:30- 2 p.m.)

Fee: \$100 **Maximum Students:** 8

Tune up the full swing and get some reps in before the season starts.

- We will go over basic fundamentals
- How to practice (random practice vs block practice)
- Drills during the session and the kids can use them during their own practice
- Routine: we will establish a proper routine for each student to use so the student is comfortable hitting shots during competition. We will go over a pre shot routine as well as a post shot routine.
- We also will cover some emotional mastery discussing how to change your state of mind. So often I see players hit a bad shot lose their confidence and struggle to be resilient to finish the round. Learn to stay in a possibilities frame of mind using simple strategies.
